Professional Summary

B.Tech Computer Science (AI/ML) student and MERN Stack Developer with hands-on experience in React.js, Node.js, Express.js, and MongoDB. Skilled in building responsive web applications, scalable RESTful APIs, and applying strong knowledge of Data Structures, Algorithms, and OOP concepts. Familiar with Git, Agile methodologies, debugging, and SDLC. Seeking a Software Development Internship to contribute technical and problem-solving skills to real-world projects..

Education

Rai University, Gujarat

2024 – 2028

B.Tech Computer Science and Engineering (AI/ML)

- CGPA: 10.00 (Semester 1), 9.95 (Semester 2) ,10.00 (Semester 3)
- Relevant Coursework: Artificial Intelligence, Machine Learning, Software Engineering, Database Management Systems, Web Development

Technical Skills

- **Programming Languages:** JavaScript, TypeScript, C, C++, Java, HTML5, CSS3
- **Frontend Development:** React.js, Next.js, Redux, Tailwind CSS, Responsive Web Design
- **Backend Development:** Node.js, Express.js, RESTful API Development, JWT Authentication
- **Databases:** MongoDB, SQL, Redis
- **Version Control:** Git, GitHub, Git Workflow
- **Tools and Platforms:** Docker, Postman, VS Code, Figma
- **Cloud and DevOps:** AWS Cloud Fundamentals, CI/CD
- **Software Engineering Concepts:** Data Structures, Algorithms, Object-Oriented Programming, Debugging, Full Stack Development, API Integration, Problem Solving

Projects

E-Commerce Web Application

MERN Stack — 2024

- Developed a full-stack e-commerce platform using the MERN stack supporting 50+ products and scalable RESTful APIs for authentication, cart management, and order processing.

- Implemented secure user authentication and authorization using JWT and role-based access control.
- Designed responsive user interfaces using React and Tailwind CSS improving usability across desktop and mobile devices.
- Built modular backend APIs using Node.js and Express.js following Software Development Lifecycle (SDLC) practices.

KaushalX – Job and Course Platform

MERN Stack — 2025

- Built a full-stack platform connecting job seekers with employment opportunities and skill development courses.
- Developed advanced job search and filtering features improving job discovery efficiency.
- Designed RESTful APIs using Node.js and Express.js to manage job listings and user data.

HerRides – Women's Transportation Platform UI

Next.js — 2025

- Designed a user-friendly transportation platform interface focused on women's safety and accessibility.
- Developed responsive UI using Next.js and Tailwind CSS following modern UI/UX principles.
- Created high-fidelity UI prototypes and wireframes using Figma.

Achievements

- Secured First Position in TECHWAR Puzzle Path Competition at Rai University
- Secured First Position in Defence Tech Domain at CRAFTATHON Hackathon GU.
- Practiced Data Structures and Algorithms through coding challenges on LeetCode.
- Completed multiple JavaScript and C programming assessments on W3Schools.
- Received Academic Excellence Certificate at Rai University.

Certifications

- AWS Cloud Foundations – Amazon Web Services
- Google Data Analytics Professional Certificate – Google
- Technology Consulting Virtual Experience – Deloitte
- Strategy Consulting Virtual Experience – Boston Consulting Group (BCG)
- NPTEL – cloud computing Course
